4. National Legal Framework

[ain Index](#)

Competent Authority

- Peru has a National Competent Authority in the area of Organic Production which is the National Agrarian Health Service – SENASA.
- The objective of the Sub-Direction for Organic Production SENASA is to generate confidence and guarantee the acceptance of organic products from Peru in the domestic and international markets.

Competent Authority

- Currently SENASA is developing the following actions:
 - Record, monitor and punish those certification bodies, through audits and monitoring operators.
 - Controlling markets to prevent the sale of products pseudo-orgánicos.

Competent Authority

- Processing agreements equivalence of National Control System with foreign governments.
- Sensitizing management and the general public about the existing rules and the role of the Authority in the area of organic production.
