INCENTIVES

TAXES

- The development of allowed activities carried out within the zone, is exempt from Income Tax, Value Added Tax (VAT), Selective Consumption or Luxury Tax (ISC), Municipal Promotion Tax (IPM) and any national tax created or to be created by the three levels of government, with the exception of EsSalud contributions and fees.
- Operations between users in the free zone are exempt from VAT and IPM.
- Electricity services demanded within the Free Zone are exempt from VAT.
- Any merchandise introduced to Zofratacna from the national territory is considered an export and is not subject to VAT.

CUSTOMS

- The permanence of merchandise brought into the Free Zone is not subject to any customs regime due to its customs extraterritoriality condition.
- The entry of merchandise or the provision of services from the rest of the national territory to Zofratacna is considered an export, thus it has incentives such as Drawback and VAT refund.
- Companies are authorized to store their merchandise in the Free Zone Warehouses indefinitely.
- Suspension of import duties and taxes for equipment, machinery, tools, spare parts and construction materials from abroad, which must be related to its economic activities.
- Raw materials, containers and packaging, as well as supplies from the country, can admitted to the zone without an export procedure. Users only need to present the invoice or referral guide, which facilitates the provision of perishable goods.
- Products manufactured in Zofratacna and imported to the national territory pay the lowest tariff rate (ad valorem of 0%), according to the current international agreements.
- The export of products manufactured in Zofratacna may benefit from tariff preferences, according to the rules of origin established in the international agreements signed by Peru.
- Merchandise can be introduced to the Free Zone from any customs office in the country, only requiring the "Solicitud de traslado" form.
